Re: Maddy Institute – Annual Report (2012-13)

Attached is the Annual Report of the Maddy Institute as is required for all ancillary units.

The Institute has contributed to the overall mission of the University through policy analysis, civic engagement and leadership training.

We provide policy analysis on issues of importance to the San Joaquin Valley in a number of ways, including:

- *The Maddy Report*—a weekly half-hour public affairs television program broadcast on KVPT – Valley PBS, KVIE – Sacramento PBS, KSEE – Fresno NBC, The California Channel (public affairs channel for California), and posted on YouTube
- *The Maddy Report – Valley Views* – a one hour weekly public affairs radio program broadcast on KMJ and podcasted on iTunes
- *The Maddy Daily*—a daily public affairs e-newsletter with over 11,000 subscribers
- *The Maddy Associates Speaker Series*—a public affairs speaker program

We provide civic engagement by continuing to partner with, and provide research and staffing for, bi-partisan regional initiatives focused on increasing the quality of life and economic development for the Valley. In particular, we continue to staff consultants to the *Air Quality Work Group of the California Partnership for the San Joaquin Valley*.

Finally, we provide leadership training primarily through the *Maddy Legislative Intern Scholars Program*, which provides students with a unique experience to work with legislators in local offices throughout the Valley, in Sacramento and Washington, D.C.

Our goal in future years is to maintain and enhance these efforts. In sum, we will continue to work toward our goal of being the most comprehensive public affairs institute in the CSU system and an asset to our region.

**REPORT OF
THE KENNETH L. MADDY INSTITUTE**

CALIFORNIA STATE UNIVERSITY, FRESNO

July 2013

Introduction

The Kenneth L. Maddy Institute at California State University, Fresno was established to honor the legacy of one of California's most principled and effective legislative leaders of the last half of the 20th century by engaging, preparing and inspiring a new generation of governmental leaders for the 21st century.

The Maddy Institute is located on the campus of California State University, Fresno at 5214 N. Maple Avenue, Thomas Building, Room 126.

The Institute's work is focused in three key areas: Civic Engagement, Government Leadership and Policy Analysis.

Mission

To inspire citizen participation, elevate government performance, provide non-partisan analysis and assist in providing solutions for public policy issues important to the region, state and nation.

Objectives

The Maddy Institute seeks to carry on the spirit of bipartisanship, effectiveness and commitment to the public good that Ken Maddy exemplified.

- Intern scholarships for university students in public service positions
- Programs and activities that encourage civic engagement
- Forums featuring current and former elected officials, as well as other public policy experts
- Multi-media outreach efforts on public policy issues, particularly those that impact California

Governance History

Senator Charles Poochigian introduced SB733 in the California legislature, which created the Kenneth L. Maddy Institute. The law called for the Institute to be directed by the Kenneth L. Maddy Professor of Public Administration at California State University, Fresno, under the direction of the Dean of the College of Social Sciences. University President John D. Welty appointed Dr. Harold Haak, former President of California State University, Fresno as the first Kenneth L. Maddy Professor. Dr. Haak served from 2000 to 2001. President Welty also appointed an Advisory Board, composed of civic and business leaders in the community.

The University adopted a charter for the Institute in 2000, establishing an Executive Committee, composed of full-time faculty members in the Public Administration Program, the Dean, the Maddy Professor and the Chairman of the Advisory Board. During the period of 2001 through 2002, former Fresno City Mayor Daniel K. Whitehurst served as the Kenneth L. Maddy Professor.

In January 2003, the Institute was reorganized. Under the new structure, the Institute continued to be housed within the College of Social Sciences and an Executive Director position was created to assume the responsibilities of the Executive Committee. Jeanette Ishii was appointed as the new Executive Director, with accountability to the Dean of the College. The duties of the Maddy Professor were modified to free the position from administrative duties and define the role as an adjunct professor. In April, former Senator Jim Costa was appointed to serve as the new Kenneth L. Maddy Professor. The Advisory Board continued to function as appointed by the President of the University.

In September 2003, the Governor signed SB 452, authored by Senator Charles Poochigian. Effective January 1, 2004, the legislation requires the Maddy Institute be administered by the President of California State University, Fresno, and organized as a nonprofit organization governed by a board of trustees. The bill provides that an Executive Director be responsible for implementing the Institute's mission and supervising its daily operations. Instruction at the Institute would be provided primarily by California State University, Fresno. It deleted the requirement that the Institute and its curriculum be directed by the Kenneth L. Maddy Professor of Public Administration, under the Direction of the Dean of College of Social Sciences.

Mark Keppler was appointed the Institute's Executive Director and the Kenneth L. Maddy Professor of Public Affairs on June 1, 2004.

Don Jackson, Chairman of the Institute/s Board of Directors since its inception, stepped down in December 31, 2010 (and assumed the role of Treasurer/CFO) and former Sen. Minority Leader Dave Cogdill became Chairman of the Board on January 1, 2011. Former Assemblymember Juan Arambula became Chairman of the Board on January 1, 2013.

Funding

The original legislation established a \$1 million endowment for the Maddy Institute. The earnings of the endowment are transferred to the Institute for annual operations. In addition, Senator Jim Costa raised \$284,000 to create an endowment for a student internship program. Other sources of funds include: support from the University; donations; proceeds from fundraising events and conferences; and revenues from grants and contracts.

The Institute's strategic plan is to spend five percent of the State Endowment and the Costa endowment each year. The State Endowment funds that are pulled are used each year to stabilize cash flow. As of April 2013 the amounts in each account are:

- State Endowment: \$869,175.27
- Costa Endowment: \$274,462.00
